

THIRTY-NINTH YEAR

BISMARCK, NORTH DAKOTA, TUESDAY, JANUARY 6, 1920

PRICE FIVE CENTS

NEW MEMORIAL TEMPLE, NUCLEUS
OF FINE GROUP OF DAKOTA CAPITOL
BUILDINGS, WILL START IN SPRING

All Plans Completed For \$200,000 Structure Which Will Be Surrounded By Handsome Units on Government Hill—Splendid Parking Arrangement in Prospect.

Operations will commence the coming spring on plans which are expected eventually to result in complete landscaping of North Dakota's capitol grounds, it was announced today at the offices of the state board of administration.

A report submitted to the board by a Minneapolis firm of landscape architects and engineers declared the complete scheme would involve an expenditure of a million dollars or more in addition to \$200,000 already appropriated for a Liberty Memorial building.

Work on the memorial edifice will represent the first step in the general landscaping of the capitol grounds, it was announced today at the offices of the state board of administration.

The general plan provides for a primary group of three buildings occupying three prominent rises in the quarter section of sloping ground set aside for the capitol grounds. The first of these would include a new capitol and a "Temple of Justice" to house the supreme court, in addition to the Memorial building.

Each would be on an axis with the center of a street crossing the city of Bismarck from the continental railroad tracks. The four-story building would thus be an excellent view of the buildings in passing.

TO HAVE MEMORIAL PARK
Under the plan approved by the board, the new capitol complex may be provided for would occupy the higher two buildings of the group on elevations somewhat lower and slightly nearer the city. The capitol would face the city, overlooking a mall and central park section connecting with the residence section of town. Liberty Memorial building and the Temple of Justice would be of symmetrical construction and would both face inward toward the mall.

Facing the group a visitor would see to the left and farther down the slope a new governor's mansion. To the right and to the right of the capitol would appear a new power house located on a reverse slope. The entire quarter-section tract would be interwoven with pleasure roads, walks and planted grounds.

TO HAVE MEMORIAL PARK
A new feature of the landscaping plan for a 10-acre tract already reserved by legislative action as a park for the memorial building. Dr. M. R. Gilmore, curator of the state historical society who has that portion of the work in charge has planned to plant one section of the park with original Indian crops. Through out the park he plans to have only trees, shrubs, perennials, grasses etc. native to the state.

Within the Memorial park it is planned also to have the statue of Sakakawea, the Indian woman credited with having guided the Lewis and Clark expedition which placed now stands just east of the capitol. On other sides of the Memorial building will be the Theodore Roosevelt statue, now in another part of the grounds, and a replica of the mound but commonly used by the Indians of this region in early days.

Before adoption of the plan the board of administration conferred with representatives of the city commission and the Bismarck Commercial club, and with Dr. Gilmore. Among the recommendations of the landscape architects it was suggested that the state acquire two blocks of the city lying just off the capitol grounds in order to preclude residential development which might prove an eyesore in the approaches.

WILL BLOW UP
GERMAN SHIPS
SUNK BY ENEMY

Vessels Cannot Be Raised, in the Opinion of British Salvage Experts

London, Jan. 6.—German warships sunk in Scapa Flow will be blown up shortly it was stated here today. The decision to dispose of the vessels in this manner followed the completion of investigation by a special commission reporting all of the ships were beyond repair and the information they furnished the commission was used as a basis to determine whether the ships would be raised or destroyed.

NEW MISSISSIPPI
BARGE LINE WILL
HAVE 40 CARRIERS

St. Louis Mo. Jan. 5. The federal barge line on the Mississippi will have an entire fleet of 40 barges in operation by April 1, according to L. P. Higgins, special agent. Ten of the barges are working at present.

Plans have been made, Mr. Higgins explained, to double the service by the transporting a large number of barges between here and the Gulf.

In addition there will be a barge service between St. Louis and Arkansas ports to expedite shipments to those destinations. Mr. Higgins said.

TRADE BOARD IS
ROBBED OF HELP
BY RED CLEAN-UP

Rafael Mallin, Statistician, Alleged Communist, Caught in the Net

CONSCIENTIOUS OBJECTOR

Radical Was Held at Camp Grant Military Prison in 1917 as a Slacker

Chicago Jan. 6. Federal authorities today had in custody Rafael Mallin, statistician of the federal trade commission in connection with the nationwide arrest of radicals while the 221 radicals held for deportation were brought before immigration authorities for hearing.

Mallin who had just returned from Mexico, was arrested by agents of the department of justice last night and District Attorney Cysne is said to have asked officials at Washington to issue a warrant for him.

Mallin is said to be a member of the communist labor party. He was confined in the military prison at Camp Grant in 1917 as a conscientious objector.

SUPREME COURT
WILL CONSIDER
HOUSE BILL 60

Tribunal Accepts Jurisdiction and Issues Alternative Writ

HEARING THURSDAY AT 10

The constitutionality of House Bill 60 through which the house majority in the eleventh hour of the session effect to all acts of that body already although authority of the legislative committee is said to be in doubt.

Within a few days one of the most prominent Jewish rabbis in America, a wonderfully eloquent pulpit orator and a man whose zeal has made him nationally famous, will come to Bismarck to address a mass meeting at the Auditorium where he will tell of the trials which his people are undergoing in war-torn Europe.

Former Governor L. B. Hanna is state chairman for the American Jewish relief committee, and Alex Scott of Fargo is treasurer for North Dakota.

We must now recall to memory both physical and economic and the takes funds very large funds, says Jacob H. Schiff, one of the largest Jewish leaders in America in his address on the problems which the American Jewish relief committee is endeavoring to cope.

OWNER OF FIRST
LIGNITE MINE IN
STATE WAS HERE

Theodore Feland, Morton County Commissioner, Visits Friends in City

Theodore Feland of Morton County was a visitor in Bismarck yesterday. Mr. Feland is county commissioner and is on his way to the coast to visit his family.

Mr. Feland was a resident of this city for many years. He was one of the first to settle in Morton County and was one of the first to develop the lignite mines of the county.

He was one of the first to develop the lignite mines of the county and was one of the first to develop the lignite mines of the county.

He was one of the first to develop the lignite mines of the county and was one of the first to develop the lignite mines of the county.

LEADERS IN NEW WOMEN'S NATIONAL DEMOCRATIC PARTY

The new women's national democratic party, recently organized, aims to organize women so that they may offer concrete assistance to their party. Among the women who attended the organization meeting were (left to right), seated: Miss L. Canble, Miss Margaret Vail, niece of President Wilson; Mrs. George B. Childs, Miss Lillian Sire and Miss Adeline W. Sterling.

DRIVE SOON TO
BE MADE TO AID
SUFFERING JEWS

Sons of Israel Whose Homes and Fields Have Been Devastated Prostrate

COMMITTEE NOW AT WORK

Aggressive Bismarck Man Opens Campaign With Advertising Appeal Today

First preliminary steps for the Bismarck and Burleigh county drive for the relief of the Jewish war sufferers in central Europe were taken today when a committee composed of J. P. French, Chris Bertsch, Jr., H. L. One, and H. L. Murphy and Al Rosen began the collection of space for an advertising campaign which is to precede the drive itself which will open January 15.

Large display advertisements will set forth the purpose of the drive and it is the purpose of the committee in charge to thoroughly familiarize the people with the conditions in Europe which the drive is to relieve before any general canvass for funds is made.

The quota for Burleigh county is \$5,000 and Bismarck's share is \$2,000 of which \$1,000 already has been subscribed. The committee is confident that the capital city of \$1,000 will be raised easily in one day.

Within a few days one of the most prominent Jewish rabbis in America, a wonderfully eloquent pulpit orator and a man whose zeal has made him nationally famous, will come to Bismarck to address a mass meeting at the Auditorium where he will tell of the trials which his people are undergoing in war-torn Europe.

Former Governor L. B. Hanna is state chairman for the American Jewish relief committee, and Alex Scott of Fargo is treasurer for North Dakota.

We must now recall to memory both physical and economic and the takes funds very large funds, says Jacob H. Schiff, one of the largest Jewish leaders in America in his address on the problems which the American Jewish relief committee is endeavoring to cope.

PALMER DEMANDS LAW WHICH WILL
REACH LONG HAIR MEN AND SHORT
HAIR WOMEN PROMOTING SEDITION

Attorney General of United States Declares There Is Now No Way of Getting to Parlor Bolsheviks Who Are Citizens—Asserts Popular Demand For Immediate Drastic Regulation

Washington Jan. 5. Unable to prosecute the so-called parlor Bolsheviks, long haired men and short haired women who encourage agitators and promote sedition is a distressed Attorney General Palmer, today asserted in a speech before the House of Representatives, the bill submitted to him several months ago and which would strengthen the hands of the department of justice in dealing with American citizens considered dangerous to the nation.

Coming on the heels of the most successful nation-wide drive made in this country in the history of law enforcement, Mr. Palmer's statement was regarded with much interest by representatives and senators here for the convening of Congress tomorrow.

At least one of the men taken in the raids is a city official and numerous others are natives of this country or have taken out citizenship papers after long residence. It is these that Mr. Palmer desires to handle through the federal courts rather than to leave their punishment to state tribunals and in the hands of a jury.

He said that the department of justice is now in the hands of a group of men who are seeking to in the government. He said that the department of justice is now in the hands of a group of men who are seeking to in the government.

MEMORIAL HELD
TODAY FOR T. R.

New York, Jan. 6.—Memorial exercises for Theodore Roosevelt, who died one year ago today, were held here and in other cities throughout the country. Many friends of the former president made a pilgrimage to his grave at Oyster Bay. Special services were held in the public schools of the nation.

REPUBLICANS IN
CHICAGO BUILD
PARTY PLATFORM

Issues and Plans For Participation of Women Important Detail

EQUAL REPRESENTATION
Female Electors Demand That They Be Given Same Rights as Men

Chicago, Jan. 6.—To make a full and complete record of the work of the party in the past year, the Chicago Republican party today began the building of its platform for the coming year.

Demands of a platform for women in the party were made by the women of the party and will be a prominent feature of the platform which is being built today.

Many of the women today regarded their demands for a fair representation in the party organization as a natural continuation of the statement of Will H. Hays, chairman of the republican national committee, that the republicans were not a party of men.

Resolution adopted by the republican women today to national convention to take up the question of the representation of women in the party organization.

The resolution also provided that the party organization should be reorganized so that the party would be a party of men and women.

Two members of Langer's staff quit their jobs.

Foster and Marr Out as Result of Nonpartisan League Trimming

Following last night's vote in the state legislature, the nonpartisan league, the state's second largest party, today announced that it had elected a new state committee.

The new committee was headed by J. B. Langer, who had been the state chairman of the league. Langer's staff, however, was not included in the new committee.

Both members of Langer's staff who had been on the state committee, Foster and Marr, today announced that they had resigned their positions.

PROSECUTION OF
BEER SELLERS IS
NOW TO PROCEED

All Who Have Disposed of Amber Fluid Since October 28 Accused

INTERESTS STILL FIGHT
Resistance of National Prohibition to Be Continued, Says Mayor

Washington, Jan. 6.—Immediately after the supreme court upheld the constitutionality of provisions of the Volstead act prohibiting the manufacture and sale of liquor containing one-half of one percent or more of alcohol the department of justice began preparations for the prosecution of all persons who have sold beer since the passage of the act last October 28.

Cases against those who manufactured 2 1/2 percent beer before the Volstead act was passed were dismissed, but all manufacturers and retailers who have been in business since the act was passed have been notified by the department of justice and they will be made defendants in a case to be started soon.

INTERESTS STILL FIGHT
Chicago, Jan. 6.—Liquor interests have not given up the fight against enforcement of national prohibition despite the decision of the supreme court sustaining constitutionality of the Volstead act for the wet, declared today.

The real fight is still to come, said Mr. May. The whole liquor situation in the United States now is under attack.

STATE PREPARES
TO DEFEND 1919
EXCISE TAX LAW

Fight Lost in Circuit Court at St. Louis to Be Carried to Capital

North Dakota has completed preparations for appearing in the United States supreme court in the case of Walker v. Hines, director general of railroads, et al. vs. George Walling, state tax commissioner, et al. contesting the state's tax of stocks and bonds. It was announced at the attorney general's office today.

The suit is up on an appeal from the lower restraining enforcement of the tax law issued by a special tribunal in St. Louis last December.

Under a stipulation between the attorney general's office and counsel for the railroads, the supreme court at Washington will be petitioned to advance the case on its calendar. Judge C. W. Barr, chief counsel for the Northern Pacific, left last night for the national capital to secure the consent of Director General Hines to an advance hearing.

WHAT LAW PROVIDES
The law in question places a tax of 20 cents on every \$1,000 of the net value of all stocks and bonds of corporations organized either under the laws of North Dakota or any other state or foreign country. All stock of domestic corporations is affected. As to foreign corporations, it provides for a tax on stocks and bonds proportionate to the ratio which business within the state bears to the total business of the corporation. It is provided, however, in the case of common carriers that the valuation be allocated upon the main line mileage basis. Under this provision the tax would net the state \$175,000 annually from the railroads.

THOUSANDS ARE
MADE HOMELESS
BY SEINE FLOOD

High Water Reached Crest Last Night When Many Were Out of Work

Paris, Jan. 6.—A severe flood hit the city of Paris last night, when many thousands of people were made homeless by the rising water.

The flood was caused by a combination of factors, including heavy rain and the melting of snow in the mountains.

The flood was caused by a combination of factors, including heavy rain and the melting of snow in the mountains.

DEEMY SUGGESTS STATE CONTROL FOR COAL MINES

Long Interview Appearing in League Press May Be Signs For Seizure

PRIVATE OPERATION HIT Director Under Fraizier Asserts Present System Is Sad Failure

Much prominence is given in the league press to an interview with J. W. Deemy, manager of Township mining interests in the northwestern part of the state, and whom Governor Fraizier picked to be state mine director during the recent brief period of government operation of coal mines under martial law.

"Either the state should run the coal business in North Dakota, both the mining and distribution end, or one of two corporations must take control of it," Deemy is quoted as saying. "My experience with the mines during the period of state control has convinced me that there ought to be a change in the methods of mining operation and the distribution of coal. If the industry is to develop anything worth while."

FOR STATE OWNERSHIP
"Frankly," the league press quotes Deemy as saying, "I am in favor of the state going into the mining business. North Dakota has a greater opportunity than any other state to develop the coal industry. She has more known veins of coal than any other state in the union. It is simply a case of providing the capital. The returns are absolutely sure. One of the first reasons for the state opening up a mine of its own is the fact that its institutions could keep one mine busy. A short trial would quickly demonstrate the practicability of the enterprise."

NOT THE FIRST TIME
This is not the first time the Fraizier administration has flirted with state ownership and operation of coal mines. During the war when the North Dakota council of defense had almost unlimited arbitrary power, it was proposed to organize within the council a million dollar corporation for the purpose of taking over the coal mines and the flour mills and elevators as well. Premature publicity appears to have been responsible for the dropping of this plan.

More recently when the operators refused to pay their men in this state the 40 percent increase which District President Henry Brennan of Billings and Governor Fraizier agreed upon as a strike benefit it was turned into the district treasury, the treasury carried out his threat, declared martial law and seized every mine in the state, which was operated with a union crew. At no time was any great amount of coal actually mined under state direction however. The Washburn Lignite Co., the largest mining property in the state, procured from Judge Nussle in the Burlington county district court an order giving Fraizier five days in which to return the mine to the company, and the same day the supreme court upheld Nussle in this matter. The Washburn Co. effected an independent agreement with the 300 men, and the governor was compelled to relinquish the property. The Burlington Mining Co., second largest producer in the state, employs

no United Mine workers, and was at no time affected by the strike.
GIVES LEGISLATIVE AID
To strengthen his possession of the mines, Governor Fraizier procured from the special session which closed the middle of December an act which authorized him at any time, either in case of emergency or in the presence of a belief upon his part that an emergency may arise, to seize the mines, the railways and any other public utility or private property which he may consider necessary to the preservation of public peace, health and safety.
The appearance of State Mine Director Deemy's interview in the league press is considered by some as an opening shot in a campaign which may have for its purpose a permanent seizure upon the part of the state government of controlling the production and distribution of all coal originating in this state. It is argued that the terms of the special session's act confer upon the governor authority to take over these properties should he become convinced of the truth of Mr. Deemy's argument that in private hands the industry cannot attain a proper degree of success. He could, it is stated, declare that production under the present competitive system is sufficient to meet North Dakota's needs, thus creating an emergency.
In any event, Mr. Deemy's "interview" has given rise to some interesting speculation upon the part of mine operators and others.

TO PLAN CARE FOR SOLDIERS NOW DISABLED

"Carry On Association," Headed By Mrs. Wendell Phillips, Meets

New York, Jan. 5.—Officials of the Federal government and prominent New York men will confer here tomorrow at the Banker's club at the invitation of Mrs. Wendell Phillips, president of the Carry On Association, to make definite plans for the expansion of the association's work of housing and colonizing of disabled soldiers.

The organization, now operating in several cities, and supplementing the help the government gives through pensions and vocational training, provides board, lodging, laundry and entertainment for disabled soldiers for \$10 a week while the veterans are being taught new trades and professions. Its work is said to have the approval of The American Legion and the Federal authorities.

All the government departments concerned with the problem of the disabled soldier, it is said, will be represented at the conference, including J. C. Holmes Jones, head of the War Risk Insurance Bureau, Del Lamblich, Director of the Federal Board of Vocational Education and Colonel Barker, representing the Surgeon General of the United States Army.
The public, it is said, will be represented by Franklin D. Oyster, grand commander of The American Legion, Lieutenant Colonel Theodore Roosevelt, John D. Rockefeller Jr., William F. Howland, Morgan Ogden Mills, Colonel Francis Robinson, Colonel William Donovan, C. A. Coffin, Mortimer Schiff, George F. Vincent, Captain Cosmo Hamilton, Charles H. Sablin and others.

HANLEY TO HAVE NEW BUILDING BY NEXT MOVING DAY

District Judge Awards Contracts For New Structure in Mandan

Mandan, Jan. 5.—Judge J. M. Hanley has started out the New Year with a contract for a new store building 25x130 adjoining the new City Drug Store building, and work will be started Monday morning.

The contract for the excavation has been let to the Mandan Transfer Co. and the Mandan Construction Co. has the contract for the walls and brick work. The contract so far provides for but one story, but the walls are being made suitable for another story, and if negotiations which are under way for the occupancy of the second floor materialize, two stories will be built to cover both buildings.

A lease has practically been concluded for the store building, the tenant being a new concern which has been for some time seeking a location in Mandan. If this particular lease does not go through, Judge Hanley has a half dozen other tenants who are anxious to get into the building. Work will be rushed on the building, and if the weather permits it will be ready for occupancy before May 1.

To Cure a Cold in One Day
Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. P. W. GROVE'S signature on each box, 30c.

PROGRESS HIS HOBBY; "WHO'LL BE PRESIDENT"—NO. 1 COX HAS RUN OF LUCK

JAMES M. COX
Ohio Governor Has Faculty of Sensing Public Opinion.

BY C. C. LYON,
N. E. A. Special Correspondent.
Columbus, O., Jan. 5.—There's one thing about Governor James M. Cox of Ohio, that both his political friends and opponents agree upon absolutely. He's the luckiest politician Ohio has developed in the present generation.
Cox wants to be the next presidential nominee of the Democratic party. If there's anything in luck he ought to get it.

Read his lucky record:
HAD THE NOMINATION HANDLED TO HIM
For many years up to 1908, the Ohio Congressional District had been heavily Republican with no chance for a Democratic editor like "Jimmie" Cox of the Dayton News to break into office.

But in that year the Republicans split and had two candidates for Congress. The Democrats handed Cox the Democratic nomination on a platter. He pulled the regular Democratic strength, while his two Republican opponents divided this. Cox walked into Congress again in 1910, while the Republican factions were still killing each other.

The liquor interests completely dominated the Democratic state convention at Toledo in 1912 and Cox was nominated for governor without opposition.
Taft had carried Ohio for president in 1908 by 70,000 and in 1912 there was a big split between the Republicans and the Bull Moose, and Cox went into the governor's chair with an enormous plurality.
He tried to repeat in 1914, when the Bull Moose again had a gubernatorial candidate for governor in the field against the Republicans, but this time he failed and he went back to Dayton to run his paper, and another one at Springfield.

CARRIED INTO OFFICE ON A LANDSLIDE
He was nominated again for governor in 1916 and was carried into office with the Wilson landslide in Ohio. While Wilson got 60,000 plurality in Ohio, Cox got 6,000. "More Cox luck," his opponents said.

In 1918, the war was on and the "flu" epidemic was at its height in Ohio. Public meetings were tabooed and political discussions were confined to the columns of the newspapers. Cox was elected for the third time.
But back of all his luck in politics, Cox possesses something that many another politician doesn't have; a dynamic energy, a level head, and an almost uncanny faculty for sensing public opinion.

He's about the smartest man Ohio has seen in many a year. Even as a boy he was smart. He was a companion in poverty in Butler Co. he was a country school teacher in his early teens, and then a reporter on the Cincinnati Enquirer. Paul Sorg, the millionaire tobacco man of Middletown, got into Congress in the 90's, and picked young Cox for his private secretary.

WAS BUSINESS MAN AND EDITOR
Cox was such a smart private secretary that Sorg backed him in buying the Dayton News, a Democratic organ. Within a year or two Cox had made the News the biggest money maker in Dayton. He was not only the smartest editor, but he stood out from all others as a successful business man.

AUSTRIA LOOKS TO SECOND YEAR IN FOREBODING

New Republic Fears Developments That Next Twelve Months May Bring

Vienna, Jan. 3.—The Austrian republic faces its second year with foreboding. Both the political and economic situations are believed here to have grown daily worse since early Autumn.
The holiday season found Vienna with a reduced bread ration, virtually no fats and without fuel. The expected supply of coal from Czechoslovakia has not been received and public utilities were kept partly in operation only by great efforts and economies.

High hopes had been entertained from the visit of Chancellor Renner to the supreme council at Paris. The people expected that Austria would obtain sufficient credit, fuel and raw material for the resumption of their industrial life. Now that the result of his journey has become known the newspapers sound a note of despair. One of them remarks that the decision of the supreme council the Vonnaberg may not separate from Austria means that that province is condemned to suffer along with the rest of Austria until the ordinary native will have hardly sufficient for food, and clothing—becomes a luxury for even the comparatively well-to-do.

Other provinces are seeking to free themselves from the burdens of Austria and turn elsewhere for help. There have been rumors of an impending revolt and declaration of independence in Tyrol. It is charged in some quarters that the whole separation movement in the Austrian provinces has been inspired by German propaganda with a view to establishing a corridor between Germany and Austria.

While Austria seems unable to obtain foreign credit for rehabilitation, there has been much comment here upon the fact that foreign private capital has been diligently exploiting the country. It is asserted that the country has virtually been stripped of articles of value, while its remaining factories are unable to obtain raw materials. According to common report, foreign interests, principally Italian, have acquired holdings of stock in Austrian industries and mines.

The government is evenly balanced between socialists and conservatives and thus far has been unable to give birth to constructive legislation looking to the solution of many internal problems facing the country.

GOPHERS MAY LOSE WILLIAMS BECAUSE OF LACK OF BOOST

Coach Who Has Turned Out Twenty Eleven For Minnesota Would Go

Minneapolis, Minn., Jan. 5.—The controversy between Coach Harry I. Williams, of the University of Minnesota football team and university authorities who refused to grant him a \$1,500 increase in salary has brought about sharp doubt as to whether Williams will be with the Gophers next fall.
The University senate, however, agreed to increase his salary by \$750 annually for three seasons and some of Dr. Williams' friends believe he may accept this salary to finish his career at Minnesota.

Williams has coached 114 eleven for twenty years. His teams have won 126 of 156 games. Eight contests were ties. The Gophers scored 4,530 points, while their opponents made 590. Williams has won more conference gridiron titles than any conference coach still in action.
The greatest scoring year was 1904 when Williams men totaled 724 points against 12 for their opponents. The twelve were made by Nebraska, which lost by four points. Williams never has had a team go through the season without being scored on. In 1910, after defeating Chicago and Wisconsin, Minnesota was beaten 6 to 0 by Michigan, the only adverse score of the year.

Many football fans still believe that the greatest gridiron game ever played in the West was that 6 to 6 struggle between Minnesota and Michigan on Northrup field in 1905. Until last year Williams had never defeated Yast, but in 1919 the Wolverines were crushed and Williams achieved one of the ambitions of his career.

HORSE RACING ON ICE
Mr. Clemens, Mich., Jan. 5.—Horse racing on the ice will begin at the Clinton View park here January 27. The work of icing the track has been begun, and a number of the star performers of the minor circuits are quartered in the stables.

GOLDEN VALLEY COUNTY WANTS TO HEAR BILL

Many League Farmers Join Others in Signing Petitions For Langer

Beach, N. D., Jan. 5.—In response to a number of petitions signed by Golden Valley farmers, among them being a number of Nonpartisan League members, Attorney General William Langer has consented to make three speeches in this county on the 15th, 16th and 17th of this month, and will also speak at Medora on the 17th.

General Langer will speak at Logan's hall in Beach on the evening of January 15th, at 8 o'clock; at Gouva at 2 o'clock on the afternoon of the 16th, and at Nettleton little at 8 o'clock that evening.
In complying with the request of the farmers General Langer runs the risk of going to the penitentiary if he does not tell the entire truth about the state administration—that is, of course, if the governor is able to put over his theory that the laws of the special session of the legislature have already gone into effect, regardless of the provision of the constitution that no law without the emergency clause is effective until next July, and the further fact that 16,000 voters have asked that House Bill No. 60 (upon which the governor bases his stand) be referred to the people.

CANADA LOOKS FOR RETURN OF HEALTH

Officials Wonder What Effect Peace Would Have

Vancouver, B. C., Jan. 5.—Provincial and city officials are wondering whether the "health" of Vancouver residents will show a marked improvement this month, now that Canada has returned to a peace basis and importation of liquor is permitted.
The ban on importation of liquor containing more than 24 percent proof spirit, in effect in the Dominion

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

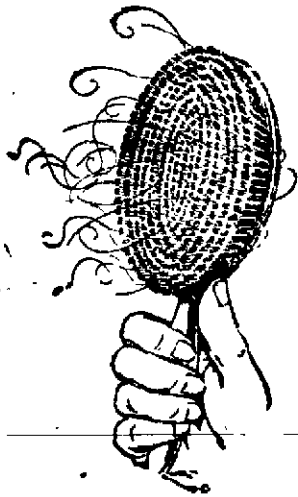

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime. Thousands take them every night just to keep right. Try them. 10c and 25c.

LET 'DANDERINE' SAVE YOUR HAIR
Check Ugly Dandruff! Stop Hair Coming Out and Double Its Beauty

A little "Danderine" cools, cleanses and makes the feverish, itchy scalp soft and pliable; then this stimulating tonic penetrates to the famished hair roots, revitalizing and invigorating every hair in the head, thus stopping the hair falling out, or getting thin, dry or fading.
After a few applications of "Danderine" you seldom find a fallen hair or a particle of dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.
A few cents buys a bottle of delightful Danderine at any drug or toilet counter.

EXPECT GERMANY TO SIGN ON TIME

Paris, Jan. 6.—There is every indication now in supreme council circles that the treaty protocol will be signed by Germany and ratification on the treaty of Versailles exchanged on the evening Saturday, January 10, the date tentatively set by the council yesterday.
The council of the league of nations it is understood will be called to meet about a week later.

DAVE UGLAND IS AGAIN IN JAIL; FORFEITS BAIL

Knox Banker Paroled By Frazier Board of Experts in Toils Once More

Fargo, N. D., Jan. 6.—David H. Uglund, former cashier of the Security State bank of Knox, N. D., is in the county jail in Fargo today in default of \$10,000 bail required by the United States district attorney to insure his appearance before the district court to answer to an indictment containing twenty counts based on his operation in the insolvent Max Knox bank returned recently by the federal grand jury.
Uglund fled four months ago from the state penitentiary by the state prison boat after he had served nine months of a five year sentence imposed when he pleaded guilty in the state court to a series of charges growing out of his conduct of the Knox bank was arrested by federal officials at Devils Lake last night and brought to Fargo today.

BUSINESS MEN TO HEAR CHURCHMAN

Large Audience Promised For Van Nuys Friday Night

Many prominent business and professional men of the city have signified their intention of attending the supper given at the Presbyterian church Friday night, at which time Dr. E. A. Van Nuys of Chicago, secretary of men's work in that church, will be the principal speaker.
The dinner is being prepared by the women of the church and will be for men only. Mandan is to send a delegation of about 20 men from the Presbyterian church there and there will be at least 100 men present. The meeting has been arranged by Rev. H. C. Postlethwaite and H. P. Goddard has charge of the matter.
Dr. Van Nuys is one of the most important speakers in the men's movement in the Presbyterian church and has a stirring message for Bismarck's men. The dinner will start at 6:30 o'clock sharp.

FIRST 1,500 ARE TO GET BONUS MARCH 1, SAYS GENERAL

About One-third of Whole Number of Applicants to Be Paid in Spring

Fargo, N. D., Jan. 6.—Addressing Gilbert C. Grafton post, American legion of Fargo, Adjutant General A. G. Fraser of North Dakota last night informed the returned soldiers that the first 1,500 claims filed for the state bonus of \$25 a month for former service men will probably be paid in March.
More than 4,000 claims have already been filed with the adjutant general.

DISASTER FACES EUROPE, ASSERTS GEN. LUDENDORFF

Former Commander-in-Chief of German Armies Blames Allies For Crisis

Paris, Jan. 6.—Disaster threatens Europe "as a result of the policy adopted by the allied nations," in the opinion of General Ludendorff, former commander in chief of the German army, an interview with him being printed in today's Matin. General Ludendorff refused to talk on the internal situation in Germany created by the Versailles treaty when asked to do so by the newspaper's Berlin correspondent.
"After the shameful treatment which Germany has endured from the entente," he said, "I must refuse to put anything in the entente press. If in our final run which is coming the entente nations are dragged along with us they will have none to blame except themselves. Sooner or later a terrible catastrophe will strike Europe and it will be because of the short sighted policy of the entente."
If you're a Bolshevik! Don't read the Red Flame. 20c the copy; 6 mos. \$1.50. Write Red Flame, Bismarck, N. D. That's all. For sale by all news stands.

PACKARD DENIES HE'S CANDIDATE FOR CHIEF'S JOB

Wouldn't Have Nomination on Silver Platter, Declares Assistant

F. E. Packard, former chairman of the state tax commission and for the last year first assistant attorney general, is not a candidate to succeed his chief, Attorney General William Langer, in the event of Mr. Langer's becoming a candidate for the republican nomination for governor at the June primaries.

His attention has been called to a statement which has appeared a number of times in several Townley publications, that I was a candidate for attorney general," said Mr. Packard in a formal statement issued today. "As a matter of fact, I am not a candidate for attorney general, and I know of nothing which would induce me to become a candidate."

"This is no time to discuss candidacies. We are engaged in a grim struggle for a rule of law in this state and the banishment from its borders of probably the most conscienceless land of political cut-throats that ever disgraced the state. To inject personal ambition into the situation would be unpardonable. No man should seek office in the present crisis, nor should any clique of men attempt to dictate who should become candidates. The candidates should be selected by the future portion of the citizenship of this state opposed to Townley."

"So you will kindly tell your readers that I am not now a candidate for attorney general, that nothing could induce me to become a candidate, and that I would not accept the position if it was offered me on a silver platter."

RETURNS TO UNIVERSITY

Miss Mary Hauser of Napoleon returned to the University of North Dakota Sunday after a holiday spent with her parents Mr. and Mrs. D. H. Hauser at Napoleon, and a brief visit in Bismarck. Miss Hauser accompanied her brother, "Dutch" Hauser, to Bismarck last Friday, when he took an important part in the basketball game between the high school team and the Bismarck team in which "Dutch" as usual starred Miss Hauser and he, brother and both well known here where they have innumerable friends. They are graduates of the high school. While here Miss Hauser was a guest of Miss Julia E. Weber.

RUPTURED? TRY THIS FREE

New Invention Sent on 30 Days' Trial Without Expense to You
Simply send me your name and I will send you my new copyrighted "rupture book and measurement blank." When you return the blank I will send you my new invention for rupture. When it arrives put it on and wear it. Put it to every test you can think of. The harder the test the better you will like it. You will wonder how you ever got along with the old style cruel spring trusses or belts with leg straps of torture. Your own good, common sense and your own doctor will tell you it is the only way in which you can ever expect a cure. After wearing it 30 days, if it is not entirely satisfactory in every way—if it is not easy and comfortable—if you cannot actually see your rupture getting better, and if not convinced that a cure is mere-ly a question of time, just return it and you are out nothing. Any rupture application sent on 30 days' trial without expense to you is worth a trial. Tell your ruptured friends of this EASYHOLD CO., 916 Kuch Bldg., Kansas City, Mo.

They ask for Bread.

The Problem of Peace
By JACOB H. SCHIFF

THE most terrible war in the history of mankind has left nothing behind but destruction, untold suffering, social upheaval, and unrest. In telling you this, I am telling you nothing that is news to you, I am sure. And you know, also, that no one people who have been torn or affected by this war, have suffered more than the Jewish people in the eastern war zone. The soldiery of advancing and receding armies have continually passed over that enormous Jewish population on the border of Russia, in Poland and in Galicia. It has been said that Lemberg, for instance, was eleven times occupied, first by the soldiery of one side, and then by the soldiery of the other. You can well imagine what suffering, what untold misery this must have brought to our Jewish brethren—to men, women and children—for the Jew is always the goat; he must always suffer for the sins of others.

In Russia, in Poland, in Galicia, in Roumania, in Palestine, and in Turkey proper, there is a Jewish population of probably not less than eight or nine million. Just think of that mass of people, who have led honest lives, and who have been forced into lives of misery, into death—their men and children murdered, their women ravished, crying out, "From where shall my saviour come?"—crying it without any answer.

The American Jewry can be their only saviour—the only saviour of that mass, crushed, their means of livelihood and support destroyed, the little government aid they received—as they did for a time in Russia—long ago stopped, and nothing left to them except what we can give for Jewry everywhere, even in England, in Germany, in France, had nothing to spare.

We alone, of all the belligerent countries, have been spared this misery which the war has brought to every other country.

What have we sacrificed? A few billions of dollars! What is it, to this great, wealthy country? Until this war came, until we went into it, we did not even know how great our resources were. We get now only an inkling; and what of it, if for a few years our taxes have grown? We have enough left—enough left and to spare, for those less fortunate, less happy. We can thank God, we, ourselves, have remained.

Think of it—how they have been driven—fortunately have been driven to these shores, from inhospitable lands; and see how fortunate it was that they had the courage to come to the shores of America, to struggle, when they came here, for us, their children, to attain the position we now enjoy!

Think of it—if your parents had not had that courage, if they had remained where they were—think of it, if you had been part of those miserable people who are now suffering so fearfully! It is only a chance, if you are not so. Think of it, and do not forget what you owe to those in whose places you might have been!

For a time, it is true, during the war the Relief Committee could not remit as fast as it would have wished to, because our Government, rightly so, was careful that the money which America was so willing to send should not get into the hands of the enemy.

As I have said to you, indeed we ought to open our hearts and our pockets to a very great extent. How fortunate have we been? Our sons, our beloved ones, are once more returning to us; and, even though some have to mourn—fortunately they are not so very many—the loss of one or the other who has paid the supreme sacrifice, they can be proud now that they have brought such sacrifices, so that the ideals of America, beloved America, can be attained.

And now, my friends, in the name of the Jewish War Relief Committee, I bring you once more the appeal, which you have already heeded so many times, and so liberally, to help to replenish the fast emptying treasury. It is very, very urgent. Cable appeals from Holland, where our main committee sits, from Poland, from Galicia, from Russia, from Palestine, come to us almost every week.

In the face of this tragic necessity cities and states throughout the country are responding most liberally. What will your community do? I am not so immodest as to supply the answer. The answer has to come from you. I doubt not it will be generous and fitting.

WOMEN WAGE WAR ON DIVORCE LAW; CUT-PRICE SEPARATIONS IS DEMAND

At left: Lady Lawson, figurehead in the Sir Digby Lawson case, who refuses to tell the name of the man who accompanied her to the divorce court. Upper right: Mrs. M. L. Seton-Tiedeman, secretary of the Divorce Law Reform Union. Lower right: Adrian H. Hassard-Short, secretary of the "Poor Persons' Division" of the divorce court.

Poor People of England Are the Victims of Strict Rules

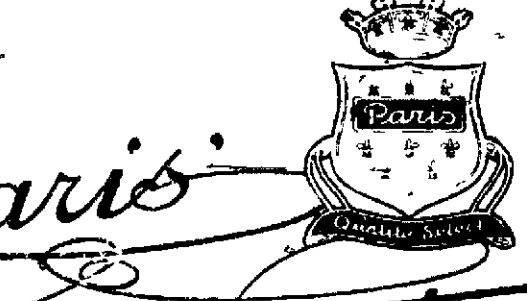

BY JOE BECKLEY
N. E. A. Staff Correspondent
London, Jan. 4.—Lower divorce prices. Such is the demand in England for only the rich can afford separation expense as it stands today. Let the price be cut so that cheap divorces will encourage it it is well to mention that despite its being a luxury there never were so many actions pending as today.

For Mothers and all Married Women

Omaha, Neb.—Dr. Pierce's Favorite Prescription was a splendid tonic and relieved me of all nervous conditions during my pregnancy. My baby is strong and healthy in every way. I am glad to recommend Dr. Pierce's Favorite Prescription to all women and young girls who need a tonic. —MRS. MARY LA LONDE, 3301 N. 54th St.

For Women Who are Nervous, Weak, or Run-down

Omaha, Neb.—As a special favor I have taken Dr. Pierce's Favorite Prescription and found it to give me immediate relief from all nervous conditions and run-down condition. I have taken this medicine since my earliest childhood whenever my system seemed to require a tonic and it has never failed me. I am very glad to recommend the Favorite Prescription to all women and young girls who need a tonic. —MRS. MARY LA LONDE, 3301 N. 54th St.

Paris Chocolates

Whether you like "chewy" nougats, juicy fruit nougats, or chocolate creams with nuts or other centers, there's a Paris chocolate that will exactly suit your taste.

Delicious boxes—worth of the price of the chocolate.

Refreshed and pure—wherever good.

THE PARIS FACTORY
MINNEAPOLIS MINNESOTA

retary of the Divorce Law Reform Union says that the centralization of all divorce cases in London in the justice of making judgments in the grounds for legal action keep thousands of the best people in England from having honest and fair divorces. Collusion has become the order of the day, she says. Those who are forced an arranged divorce are quite frank.

In the recent case of Sir Digby Lawson against his wife Lady Lawson, the name of the man who accompanied her to the divorce court cannot be divulged from her. Dozens of other cases have come to my knowledge where the defendant defied the law rather than admit the law pre-tribe.

The Wedgwood case is typical of the encouragement of the law toward collusion.

Counsel Joseph Wedgwood, member of Parliament for Newcastle, once he had safely got his divorce and married the woman he loved, promptly proclaimed that he had obtained his divorce by fraud and no registry and virtually advised others to do likewise.

Cannot Change Law

The law which the church will not allow politicians to change, says Colonel Wedgwood, "insists that a wife shall only divorce her husband if guilty of adultery plus desertion or cruelty. The law permits desertion to be assumed if a writ for restitution of conjugal rights is obtained and not complied with."

So letters were exchanged and I was found guilty of desertion. The world read that I deserted a wife and seven children.

To prove myself guilty of the other charge I chose the simplest way—took a suite of rooms and went there with a lady not my wife. There was no misconduct. Had there been the sin would have been solely to satisfy the demand of the church and state. The divorce cost me several hundred pounds.

There has been so much criticism of the law that the government, in 1914, established the Poor Person's Division of the divorce court. Adrian H. Hassard-Short is secretary.

"We have had more than 18,000 applications in the past year of which have been granted," Short said. "Counsel in these cases serve gratis, but out of the pocket charges—clerk's time, witness expense, etc.—are paid by the applicant."

Likes American Courts

But even this relief is beyond the reach of most people.

"Not one woman in a thousand of the working class knows she has any right to defend an action," says Mrs. Tiedeman, "and certainly not how to proceed. Before she collects her writ after receiving a notice the divorce is well under way."

What has been called a "cat and dog court" for the thrashing out of domestic troubles should be established in every hamlet in England. I should like to see a court of domestic relations in every town such as they have in America.

BURLEIGH COUNTY FARMER TO BRING IN IOWA RENTERS

W. E. Runey, Successful Agriculturist, Asks His Neighbors to Boost

W. E. Runey, a prosperous retired agriculturist, left yesterday for Burleigh county, where he will act as paid deputy of the North Dakota immigration department. Before leaving Mr. Runey made a plea that talks back home boost for their own country in order that when the prosperous settler comes they may be properly impressed.

In his runey to which I am going, said Mr. Runey, "land is selling at \$100 to \$150 the acre and is renting for \$12.50 to \$15 the acre per year. Farms there are rented at auction to the highest bidder, just as we sell livestock and other farm property in this state. It is my opinion that if these renters are good enough farmers to pay \$30 an acre per year and still make a good living that they can come here and buy good land outright for the price of one or two years' rentals on the Iowa basis and make good. It is farmers of this type that we want in North Dakota and I believe that if we all get behind this knocking and all of us give our country its dues, we can transform these Iowa renters into North Dakota land holders."

Mr. Runey came to Burleigh county from Minnesota nine years ago and took up farming near Sterling. In nine years he has won independence and he is engaging in his present work with the immigration department principally as a vindication of his faith in North Dakota. He has proved to his own satisfaction that there are riches in North Dakota farms and he intends to go out and convince others. He is a fine type of the modern farmer—a man well groomed, cultured and who has the appearance of a successful business or professional man rather than of the old time come sheet agriculturalist, of whom, as a matter of fact, North Dakota has very few examples.

AFRAID TO EAT MEALS

"Pape's Diapiesin" is the best Antacid and Stomach Regulator known

When your meals don't sit and you feel uncomfortable when you belch gases, acids or indigestion and when you feel lumps of indigestion in your throat or headache from acidity just eat a tablet of harmless and reliable Pape's Diapiesin and the stomach distress is gone.

Millions of people know the magic of Pape's Diapiesin. It is an antacid. They know that most indigestion and disordered stomachs are from acidity. The relief comes quickly, no disappointment. Pape's Diapiesin helps regulate your stomach so you can eat favorite foods without fear and a box of these world famous stomach tablets is so little at drug stores.

NOT A CHANCE IN THE WORLD FOR THE KAISER TO RULE FATHERLAND AGAIN

Hindenburg Admired Because He "Faced the Music"

BY FRANK V. POSTCOCK
Editor Cincinnati Post N. E. A. Correspondent, Europe

I met a German who said: "When I visited Hindenburg in Berlin, I was struck by the fact that he was not a man of the past, but a man of the future. He was a man of the future, a man of the future, a man of the future."

I hope to return to Germany in a few days. I am a great admirer of Hindenburg and I hope to see him in person.

In spite of reports to the contrary, which insist that the former Kaiser of the German Empire will be turned out as head of the German people, investigation shows all classes in Germany and that there is no chance of a return to power.

The people of Germany have not forgotten the fact that Hindenburg was a man of the future, a man of the future, a man of the future.

Are Dissatisfied with the Government

That does not mean that Germany is satisfied with its present form of government. I have talked to people of all kinds. Almost to a man, they voice their dissatisfaction with the present government.

Hans Ebert, president of the German republic, is regarded by many almost as a nonentity, people make sport of him in their talk in public and private, politicians, hostile him and his officials and everywhere the name of Ebert and his form of government will melt away after the next election.

Many refer to the former Kaiser as "the man who ran away." It speaks in a like tone of the former crown prince, who also ran away.

A former captain in the German army expressed the sentiment of many Germans when he said to me: "I am not a socialist, but I still have a liking for the old time form of government somewhat modified. But the Kaiser and the crown prince cannot come back. After thousands of miles of Germans have given their lives—their all—to their fatherland and have fought for the Kaiser and the crown prince, there came the revolution. When they were to show their mettle. And what did they do? On the high seas the cry and command in the time of greatest danger is, 'Women and children first.' The cry of the Kaiser and the crown prince was, 'We must save our skins first. We men and children—the men who fought for Germany—last.'"

Life of A. Lyle Samuel Is Uncovered in Court

London, Jan. 6.—A Lyle Samuel, member of the British parliament, was principal in an action brought against his opponent at the general election, F. W. Prentice for libel alleged to have been contained in statements about Lyle Samuel's life.

The life of Lyle Samuel while in New York was uncovered in court after speculating himself into bankruptcy he went to America where he took a position failed and was stranded according to Sir Edward Carson (his counsel).

After marrying Mrs. Lyle in New York he pulled all his belongings to England with his wife making their home with three children. His American wife was divorced and the "window with a view" was closed.

You answer: "Germans should be tried before German courts." "What you want others to do for you." Also give to others too. Demand therefore that the peace treaty be changed.

It is my belief that the world will be a better place if the peace treaty is changed.

FOR SALE—All kinds of stove wood. Phone 818.

Regular Habits Produce a Beautiful Complexion

Daily elimination rids the system of poisons. Women should realize that!

MANY women complain daily of their complexion, of their headaches and general ill health, little realizing that the trouble is constipation. Women, too, are much more subject to such congestion than men, and much more careless of it. The result is seen in lusterless, weary eyes, in sallow, pimply complexion, in lassitude, bad breath and in that word so often used, "indisposed."

At the first sign of these symptoms the wise woman will take a laxative, and will see that the young girl and other girls are likewise. Dr. Caldwell's Syrup Pepsin is the favorite with thousands of women because it is mild and gentle in its action and in the end trains the stomach and bowels muscles to do their work naturally without the aid of medicine.

This combination of simple laxative with pepsin, which is brought at my drug store, is also a very sterling first-aid in colds, fevers and other sudden ills.

BOLSHEVIK ARMY EVACUATES CITY

London, Jan. 6.—The Bolshevik army has evacuated the city of Dvinsk on the Dvina. It is admitted in a Russian soviet communication received by wireless from Moscow today.

The place was abandoned under enemy pressure, the statement says.

ENEMY GAINS CONTINUE

London, Jan. 6.—The Latvian and Lithuanian forces are engaged in the campaign on this front continued yesterday. A battle along the Pskov railway after the capture of Dvinsk according to official advice to the British legation here.

It is expected that the communications at one between Riga and Dvinsk and it was stated at the legation that the front from Riga to Dvinsk would be held by the Russian troops establishing direct communication with Poland.

Weak, Thin, Nervous People Should Take Bitro-Phosphate

What it is and How it Increases Weight, Strength and Nerve Force

Thinking of the countless preparations and tonics which are continually being advertised for the purpose of making a weak, thin, nervous person strong and healthy, it is not surprising that one should be skeptical. But Bitro-Phosphate is different. It is a natural product of the body, and it is the only one that can be taken in any form without causing any harm.

It is a natural product of the body, and it is the only one that can be taken in any form without causing any harm.

"SYRUP OF FIGS" CHILD'S LAXATIVE

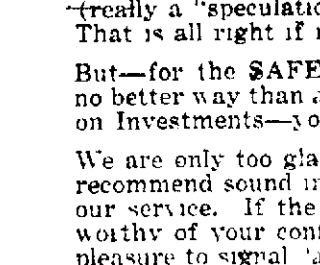

Look at Tongue! Remove Poisons from Stomach, Liver and Bowels

A safe, California Syrup of Figs is the best laxative for children. It is a natural product of the body, and it is the only one that can be taken in any form without causing any harm.

UNCLE JIM HARRIS DISCUSSES RED SOCIALISM WHICH A. C. TOWNLEY IS INJECTING INTO NONPARTY LEAGUE

Veteran Co-operator and Leader in Agricultural Movements Tells How Boss Bragged He Could Sugar Coat Pill and Make Farmers Like It—Inside of Some Newspaper Deals

The following letter was published during the holidays in Uncle Jim Harris' old home paper at Owatonna, Minn., and because it discloses so many vital truths and reveals so much of the inner workings of the Townley movement, The Tribune herewith reproduces it in full:

The Letter From Mr. Harris, November 24, 1919.
E. K. Whiting,
Owatonna, Minn.
Dear Sir and Friend:

A friendly line from you and a brotherly letter from the K. P. lodge and a letter from my sister Phyllis, giving me the society gossip and also the advanced prices of real estate causes me to think of a place called home from 1855 to 1905. It seems as only yesterday that I knew every man, woman and child in your city (there were only three families), but would feel myself almost a stranger at this time.

As you know I have always been a good mixer, politically and otherwise. And I have always been of the opinion that there was more good in the republican party than in the other side of it. I have always been affiliated with that party. I have been a granger, a member of the Farmers' union, a member of the American Society of Equity, organizer for the National Dairy Union and have been active with minor Farmers' Co-operative organizations, but believe me I never got lumped properly until I became a member of the Nonpartisan league, they roped me in and I believe 20 per cent of the democrats and republicans that join the league were caught by the same bait. That is, the league program which reads as follows: Nonpartisan political organization of North Dakota.

PROGRAM.
State terminal elevators, flour mills, stock yards, packing houses and cold storage plants, state fuel insurance,

of the state in the hands of radical socialists. We accomplished this very cleverly by diverting public attention from questions that would bring red socialism to the surface, by attacking Big Biz. in a mud slinging campaign with our most abusive wind jammers trumpeting and magnifying the wrongs that have crept into the affairs of state in the most progressive and best governed country in the world. Then we placed in nomination, elected and slipped into office our socialist friends to fill our offices with no more noise than a bunch of fish worms. I believe you and the papers of Minnesota will be interested in what I describe as a league press. I can best describe it by comparing it to a huge electric light plant. Walter Thomas Mills representing the power house with Townley operating the switch board and the many lights the league newspapers and, believe me, any light other than

made the play and got the endorsement of the I. W. W. organization. We made the play for the American Federation of Labor. They put up a stubborn fight against us but we beat it. We also secured the endorsement of the miners' union and are ready and willing to grant their demand of 60 per cent increase in wages and a five day week with a six hour day. Sure, we are willing to help these poor miners out for the sake of getting their votes which is important because we must have their votes to perpetuate socialism in this state. Who brought about these conditions here in North Dakota? Was it the democrats? No. Was it the republicans? No. The conditions are these: In 1912 the population and domestic value was \$7,500,000. The socialist vote was 2,570. This socialist

the red light will be switched off unless they retire our present switchman. **THE NEWSPAPER BILL.**
Now you may have noted that I have been catinched for opposing this bill which I did because of it having the earmarks of the high finance besides having the power of crystal, being a socialist sentiment because of all thought being filtered through the hat of this man Mills. The trick is turned thusly: We contract for one paper in each county to buy a \$250,000 plant for \$550,000. Our promoters get \$100,000 to turn the trick. We must pay. We incorporate with three or more men placing the capital at \$550,000. Take notes or post dated checks for the same and deposit collateral in league banks. Get the cash and pay for promoting the newspaper plant and the league then furnished expert stock salesmen to

the Hazen Star. This deal was consummated last week.
I am well aware that the Republican has been a consistent supporter of the Nonpartisan league and realize there is some justice in your complaint and you have been given proper consideration in this matter. After going over the matter carefully, we have decided that it was for the best interests for the farmers to purchase the paper at Hazen and, of course, in acting in this matter our judgment was not affected by a sentimental consideration.
You may rest assured, however, that there was no intention of injuring you or your business and if you have been sincere in your support of the league I can not understand why your attitude toward the league would change simply by the fact that your paper was not purchased by this bureau.
It may be that at some future date it will be possible for us to purchase your paper and combine the circulation

of the Hazen Star. This deal was consummated last week.

TOWNLEY THE AUTOCRAT.

I would picture Townley as a natural born autocrat seeking fame through the socialist party, a man that would rather have fame than millions in money, an unscrupulous man as was demonstrated during the heat of the war, because of the playing so close during the war to the line between loyalty and disloyalty, his only great achievement being the success of the socialist party in North Dakota, for which we must give him credit for accomplishing and is naturally very satisfactory to all socialists. He and his confederates are now reaching for more power and more territory which may be accomplished by the vote of the people only. Knowing this he has welded the Nonpartisan league to the American Federation of Labor, Miners union and having dissolved all farm organizations in North Dakota is now planning a school teacher's union to be a sort of auxiliary to the American Federation of Labor, and the leaders of the Nonpartisan league are making every effort to ingratiate themselves into the Legion. All this accomplished it will be an easy matter to take over not only Minnesota and South Dakota, but all mining and industrial centers, which program if put through, will be a burden that must be carried by the farmers. Now, many of these "honest to God farmers" who labor from 10 to 16 hours per day and represent the real wealth of the state, all statements to contrary notwithstanding, object to being lined up with the 400,000 coal miners, mostly foreigners, who seek to run this government, and are demanding a 60 per cent raise in wages, six hours a day and a five day week, with double time for Saturday, Sunday and holidays. The politician who encourages a program of this kind is guilty of working against the best interests of this country and should be tried for sedition and if found guilty be put in close confinement until their grandchildren forget that socialism ever ran rampant in this country. I wish to ask the republicans and democrats who are the men who are advising and directing this condition to be brought about? Is it not the republicans and their emissaries, or is it the dissatisfied republicans and democrats? Would it not be better for you in Minnesota to go a little slower and see whether our Nonpartisan league economic program works out satisfactorily here in North Dakota? If it does we will all want to adopt it, but until that time comes I would not advise the carting of Townley as the savior of our country. Because of published statements made through the league press you may think that I am not a member of the Nonpartisan organization, so I will enclose a receipt showing me a member in good standing.

single tax on farm lands, state inspection of dockage and grading and rural credit banks operated at cost.
I will remember way back in the '70s that I circulated among the grangers and had signed a memorial to congress and a petition to the Minnesota legislature covering practically the seven points in the Nonpartisan league program. At that time and since that time every business man and banker knew that the farmers were getting from the boards of trade, chamber of commerce and the bankers the dirty end of the deal and to better conditions among the farmers socially and financially many farm organizations have been perfected and we have seen the rise and fall of the populist

vote proves this, that the alleged statement made by Townley in 1912 was true and subsequent events show that he has made good in North Dakota and will make good in other states. He said, "I can take the name Nonpartisan and sugar-coat the principles of socialism and every farmer will swallow them and call for more." The Nonpartisan league with their program embodying the wants of all their farm organizations took well with the farmers belonging to the republican and democratic parties, and also with many bankers and business men who felt and knew that their success in business depended wholly on the success of the farmers, so they supported the league program, forgetting that we were placing the machinery

sell \$12,000,000 worth of common and preferred stock in the plant which they do by taking cash, notes and post dated checks which, in turn, can be O. K. ed by the Nonpartisan league and cash advanced thereon. Then we have a so-called full fledged "Farmer's" paper in which all legal notices are printed but the management and policy for the paper are under the control of the league head. To me, individually, this seems undemocratic and un-American. However, a prominent organizer assures us that this law will work out satisfactorily to the people of this country because the same law is enforced in Russia and is giving perfect satisfaction. I would, however, advise my Minnesota friends to wait and see this law tried out in North Dakota before making radical changes down there.
Another thing seems peculiar, but I guess it is alright because the majority of the league legislature seems to think so. We don't think that the majority should always rule, as was evidenced by unseating a member from Saginaw county and seating a man having a minority vote. Also the Nonpartisan league went on record as trying to prevent the seating of Miss Minnie Nielson as state superintendent of schools, who had a majority of 6,000 votes over her opponent, N. C. Macdonald. Now, while I am on the newspaper subject, I want to add and show the other side of the newspaper proposition. In my county the league management thought proper to buy the Mercer County Republican, run by a German league and contracted therefore, paying in notes signed by the promoter, J. M. Branton. When these notes were presented for payment they were repudiated, so I will advise my friends in Minnesota of the county press when selling to the league to adopt the first plan, take farmers' checks or notes as the farmers are rated in the business world higher than all the red socialists, character assassins on this side of Russia and I herewith enclose a copy of a letter repudiating same, together with a photographic copy of one of the notes in the transaction.

single tax on farm lands, state inspection of dockage and grading and rural credit banks operated at cost.
I will remember way back in the '70s that I circulated among the grangers and had signed a memorial to congress and a petition to the Minnesota legislature covering practically the seven points in the Nonpartisan league program. At that time and since that time every business man and banker knew that the farmers were getting from the boards of trade, chamber of commerce and the bankers the dirty end of the deal and to better conditions among the farmers socially and financially many farm organizations have been perfected and we have seen the rise and fall of the populist

vote proves this, that the alleged statement made by Townley in 1912 was true and subsequent events show that he has made good in North Dakota and will make good in other states. He said, "I can take the name Nonpartisan and sugar-coat the principles of socialism and every farmer will swallow them and call for more." The Nonpartisan league with their program embodying the wants of all their farm organizations took well with the farmers belonging to the republican and democratic parties, and also with many bankers and business men who felt and knew that their success in business depended wholly on the success of the farmers, so they supported the league program, forgetting that we were placing the machinery

sell \$12,000,000 worth of common and preferred stock in the plant which they do by taking cash, notes and post dated checks which, in turn, can be O. K. ed by the Nonpartisan league and cash advanced thereon. Then we have a so-called full fledged "Farmer's" paper in which all legal notices are printed but the management and policy for the paper are under the control of the league head. To me, individually, this seems undemocratic and un-American. However, a prominent organizer assures us that this law will work out satisfactorily to the people of this country because the same law is enforced in Russia and is giving perfect satisfaction. I would, however, advise my Minnesota friends to wait and see this law tried out in North Dakota before making radical changes down there.
Another thing seems peculiar, but I guess it is alright because the majority of the league legislature seems to think so. We don't think that the majority should always rule, as was evidenced by unseating a member from Saginaw county and seating a man having a minority vote. Also the Nonpartisan league went on record as trying to prevent the seating of Miss Minnie Nielson as state superintendent of schools, who had a majority of 6,000 votes over her opponent, N. C. Macdonald. Now, while I am on the newspaper subject, I want to add and show the other side of the newspaper proposition. In my county the league management thought proper to buy the Mercer County Republican, run by a German league and contracted therefore, paying in notes signed by the promoter, J. M. Branton. When these notes were presented for payment they were repudiated, so I will advise my friends in Minnesota of the county press when selling to the league to adopt the first plan, take farmers' checks or notes as the farmers are rated in the business world higher than all the red socialists, character assassins on this side of Russia and I herewith enclose a copy of a letter repudiating same, together with a photographic copy of one of the notes in the transaction.

July 24th, 1919
Mr. C. F. Schweigert,
Mercer County Republican,
Station N. D.
Mr. Dear Mr. Schweigert:
I have your letter of July 22nd in which you inquire as to whether we expect to take over the Republican under a contract made with you by Mr. Branton last January. I find by reference to the contract that we had with you that its terms were not adhered to by us and that therefore the agreement is void and lapsed several months ago. As a matter of fact we have no intention of taking over

the Mercer County Republican. This deal was consummated last week.
I am well aware that the Republican has been a consistent supporter of the Nonpartisan league and realize there is some justice in your complaint and you have been given proper consideration in this matter. After going over the matter carefully, we have decided that it was for the best interests for the farmers to purchase the paper at Hazen and, of course, in acting in this matter our judgment was not affected by a sentimental consideration.
You may rest assured, however, that there was no intention of injuring you or your business and if you have been sincere in your support of the league I can not understand why your attitude toward the league would change simply by the fact that your paper was not purchased by this bureau.
It may be that at some future date it will be possible for us to purchase your paper and combine the circulation

TOWNLEY THE AUTOCRAT.

I would picture Townley as a natural born autocrat seeking fame through the socialist party, a man that would rather have fame than millions in money, an unscrupulous man as was demonstrated during the heat of the war, because of the playing so close during the war to the line between loyalty and disloyalty, his only great achievement being the success of the socialist party in North Dakota, for which we must give him credit for accomplishing and is naturally very satisfactory to all socialists. He and his confederates are now reaching for more power and more territory which may be accomplished by the vote of the people only. Knowing this he has welded the Nonpartisan league to the American Federation of Labor, Miners union and having dissolved all farm organizations in North Dakota is now planning a school teacher's union to be a sort of auxiliary to the American Federation of Labor, and the leaders of the Nonpartisan league are making every effort to ingratiate themselves into the Legion. All this accomplished it will be an easy matter to take over not only Minnesota and South Dakota, but all mining and industrial centers, which program if put through, will be a burden that must be carried by the farmers. Now, many of these "honest to God farmers" who labor from 10 to 16 hours per day and represent the real wealth of the state, all statements to contrary notwithstanding, object to being lined up with the 400,000 coal miners, mostly foreigners, who seek to run this government, and are demanding a 60 per cent raise in wages, six hours a day and a five day week, with double time for Saturday, Sunday and holidays. The politician who encourages a program of this kind is guilty of working against the best interests of this country and should be tried for sedition and if found guilty be put in close confinement until their grandchildren forget that socialism ever ran rampant in this country. I wish to ask the republicans and democrats who are the men who are advising and directing this condition to be brought about? Is it not the republicans and their emissaries, or is it the dissatisfied republicans and democrats? Would it not be better for you in Minnesota to go a little slower and see whether our Nonpartisan league economic program works out satisfactorily here in North Dakota? If it does we will all want to adopt it, but until that time comes I would not advise the carting of Townley as the savior of our country. Because of published statements made through the league press you may think that I am not a member of the Nonpartisan organization, so I will enclose a receipt showing me a member in good standing.

RED CROSS TO DIVIDE \$30,000,000 BETWEEN DOMESTIC RELIEF, EUROPE AND FINISHING SIBERIAN PROGRAM

Dr. Livingston Farrand, Head of Organization, Tells of Momentous Plans Mapped Out For Ensuing Year—Strict Economy Necessary to Meet Universal Demands

Washington, Jan. 6.—Out of a fund of \$30,000,000 available for its work this year, the American Red Cross has set aside \$15,000,000 for European relief, \$13,750,000 for use at home and \$1,250,000 for completing its program in Siberia.

In making public today plans for carrying forward peace time activities, Dr. Livingston Farrand, head of the organization, declared that a considerable reserve must be held for emergency calls "incident to such possible events as the opening of Russia to intercourse with the United States. This determination, Dr. Farrand said, was reached after long and full consultation with government representatives in this country and Europe.

WORLD-WIDE SUFFERING
Turning toward the rest of the world, Dr. Farrand declared the organization was confronted by a degree of suffering and helplessness which is infinitely beyond the possibilities of any funds at the disposal of the Red Cross and of all other relief organizations combined adequately to meet it. It was the wish of the American people, he added, that as much money as possible should be raised to meet emergency needs. Concerning the general European relief situation, the report said:

"The Red Cross, of course, can only consider in detail the wise application of its own funds but it should be everywhere recognized that it holds itself ready at all times so far as it may be practicable to administer any other funds which may be entrusted to it to relieve distress in all parts of the world where it maintains commissions or representatives or which the organization is able effectively to reach. From its own treasury the Red Cross will appropriate \$15,000,000 for general European relief.

IN EASTERN EUROPE
There is a condition of suffering, distress and helplessness particularly in eastern Europe far beyond anything that the resources of the Red Cross and of all other relief agencies could hope to meet. It is certain how serious this situation is, together with the supplies, military supplies, partly on loan to us by the United States government and partly previously purchased by the Red Cross, can wisely administered go far to mitigate extreme suffering.

Of this appropriation of \$15,000,000 for Europe in relief, a considerable reserve must be held for emergency calls incident to such possible events as the opening of Russia to intercourse with the United States, or other fundamental changes in foreign conditions.

WORK IN SIBERIA
It is also estimated that the completion of our work in Siberia will call for an appropriation of \$1,250,000. These proposed appropriations and reservations represent the ability of the Red Cross at this time to meet the conditions brought about by the war. It is clear that these expenditures will be only a very limited degree meet the needs of the stricken, needy, helpless and disorganized parts of the world. They will, however, enable the Red Cross not only to relieve extreme suffering but to carry a well-merited message of cheer and reassurance and of American sympathy.

Bad for the Debtor.
People of Siam are cautious about getting into debt. When a debtor is three months in arrears he can be seized by the creditor and compelled to work out his indebtedness. Should the debtor run away, his father, his wife or his children may be held in slavery until the debt is canceled.

LOCAL EXPENSES TO LESSEN
"In considering this item it must be kept clearly in mind that while expenditures in this country arising directly out of the war remain high they should rapidly diminish, and while our work for establishment of peace time undertakings will increase in some measure, this increase will be inconceivable as compared with the reduction of war items."

To provide disaster relief the report said a substantial sum should be available, and that while the Red Cross was prepared to meet instantly all appeals for help, "the public can be asked to replenish the disaster fund after preliminary action has been taken rather than before."

The committee expressed the belief that the home reserve fund would properly protect the Red Cross on obligations in the United States which are considered of "primary importance."

SCIATIC PAINS QUICKLY RELIEVED

Keep Sloan's, the World's Liniment handy to allay aches. THOUSANDS of men and women, when the least little rheumatic "crick" assails them, have Sloan's Liniment handy to knock it out. Popular a third of a century ago—far more popular today.

That's because it is so wonderfully helpful in relieving all external aches and pains—sciatica, lumbago, neuralgia, overstrained muscles, stiff joints, weather exposure results. A little is all that is necessary, for it soon penetrates without rubbing to the sore spot. Leaves no mark, stains skin, clogged pores. A bottle today is a wise precaution. Keep it handy.

All drug stores—35c., 70c., \$1.40.

CANVASS OF CITY TO BE MADE TO HELP CHURCHES

Religious Affiliation and Preference of Every Person to Be Listed

A complete religious canvass of the city's inhabitants will be made under the direction of the various churches and a committee consisting of Rev. H. C. Posthuma of the Presbyterian church and Rev. George H. Quigley of the Methodist church has been named to secure the approval of all the pastors of the city. This action was taken at the meeting of the Bismarck Ministerial association yesterday.

The association has planned to have a committee of five members from each church and these various committees will meet at the Commercial club on the afternoon of January 13 for the purpose of perfecting plans for the canvassing of the city. This main committee will have 60 members, the members of which will visit every house in the city and obtain the religious affiliation of every person.

INCREASE CHURCH ATTENDANCE
The purpose of securing the religious affiliation of each person is to increase the interest in church work and attendance. The cards with the names and church will be given to the ministers of each church for the purpose of getting non-church goers more interested in church attendance and the work the various churches are doing. George W. Keniston, secretary of the Commercial club, addressed the ministers on "Go to Church Sunday" and the religious canvass was the result of Mr. Keniston's talk.

LAW ENFORCEMENT SUNDAY.
The ministers present at the meeting unanimously decided to co-operate with the government in observing "Law Enforcement Sunday" on January 18. The government has requested the ministers throughout the country to speak on this topic in churches on that Sunday stressing the importance of aiding the government in observing the national prohibition act. This matter was presented to the association by Rev. F. L. Watkins of the law enforcement league.

CITY NEWS

TO DICKINSON ON BUSINESS.
C. A. Barton left for Dickinson this morning on business and will return to this city tomorrow.

PRINTING PRESSMEN MEET.
The monthly meeting of the Printing Pressmen's union will be held tonight at Labor hall on Fourth street.

RETURN FROM ST. PAUL.
M. B. Gilman returned yesterday from St. Paul where he has been visiting over the Christmas holidays.

MEET AT K. P. HALL.
Capital City Homestead No. 300 will meet tonight at the Knights of Pythias hall. All members are urged to be present.

BABY BOY BORN.
A boy was born Sunday afternoon to Mr. and Mrs. Mike Bushara, 113 First street. The baby and mother are doing well.

VISITING F. J. MCCURDY.
A. C. McCurdy of Backoo, is visiting his brother, F. J. McCurdy. Mr. McCurdy intends returning to his home tonight.

IS IN HOSPITAL.
L. Van Hook is confined in the Bismarck hospital. Mr. Van Hook is not very ill and expects to be able to return home soon.

A. O. U. W. MEETS TONIGHT.
The Bismarck chapter of the Ancient Order of United Workmen will hold its semi-monthly meeting at the Elks' club tonight.

HERE FROM HALLIDAY.
Irving Lewis of Halliday was in Bismarck yesterday on business and visiting friends. Mr. Lewis is a prominent real estate man of Halliday.

CURRENT EVENTS CLUB.
The Current Events club will meet Wednesday afternoon at the home of Mrs. A. V. Lohr, 64 Avenue B east. An interesting program has been prepared.

ELKS INITIATE SOON.
A number of new members will be initiated into the Bismarck lodge of Elks on January 10. Considerable preparations are being made for this ceremony.

ATTENDING MEETINGS.
Rev. C. F. Strutz of the Evangelical church left yesterday for Jamestown, where he is attending a series of meetings that will be held during the present week.

ILL IN BED.
Charles Owen of the City National bank who has been ill in bed for the past few days is recovering and expects to be able to return to work in a day or two.

RIVER ICE THICK.
The ice in the Missouri river at Bismarck is 20 inches thick. This is a record for this time of the year. Old-time residents say much ice has been cut already for commercial purposes.

EASTERN STAR TONIGHT.
The Bismarck chapter No. 11, Order of Eastern Star, will hold its semi-monthly meeting tonight at the Masonic temple. Attention and halloing on petitions will be the principal business.

TO MINNEAPOLIS.
Mr. and Mrs. Andrew Miller left last night for Minneapolis and St. Paul where they will spend a week's vacation. While there they will join Mr. and Mrs. Albert Zuercher who went to the Twin Cities Saturday.

BANK TESTING BOOKLETS.
As an evidence that the new year is really started all of the banks of the city are giving their customers and others booklets containing the calendar for the year with suitable advice for moneysaving and valuable information. Among the books that are

JUSTICE FOR ALL IS HAYS SLOGAN; "WHO'LL BE PRESIDENT?"—No. 3 "TAKE 'JAZZ' OUT OF POLITICS"

WILL H. HAYS

(BY H. P. BURTON)
New York, Jan. 5.—His name is Will. Not Bill nor William and, in manners and aspect, he fits that plain and satisfying appellation.

Will H. Hays, for two years chairman of the Republican National Committee, is now, at 39, not infrequently mentioned in connection with the candidacy for the highest office this nation has to bestow.

He comes from Sullivan, Ind., a plain American from a region richly American. He speaks, when the proper inspiration is upon him, in the pungent, homely phrases that we have come to regard as Lincolnian.

"I'm not so concerned as to whether our men and women vote the Republican ticket," he said to me, in starting to discuss the coming campaign, "as I am in getting them out into politics. I'll take a chance on their joining our party, once they get into action."

"People have come to view politics as some mysterious thing way up in the clouds where laurels are turned on and off by remote sorcerers of some sort, who have a knowledge not of this earth."

NOTHING MYSTERIOUS ABOUT POLITICS

"As a matter of fact, there is absolutely nothing mysterious and dusty academic about politics. Its technique is simple and grows more simple as more brains are injected into it. No longer do we take seriously the old style schoolmen of politics with their incantations as they stirred the pot on the stove of 12."

PEOPLE SHOULD HELP TO GOVERN THEMSELVES

"We have got to take the reputation for 'jazz' out of politics too; so that serious minded men and women—the kind who are aroused by the republic's recent peril did such wonderful work for our Liberty Loans, our Red Cross bureaus and our campaigns—will just naturally accept the fact that helping govern themselves is part of their business."

"It doesn't matter which side they belong to: I attribute honesty of purpose to the opposition and all that I as an American, insist on is that the contest between the parties shall be based on which best can serve America, which most can give her."

"The only clever 'politics' now as we used to be the word, is finding out

what is best for the country and doing it first."

"During the war, the Republicans determined every act by deciding how we could contribute most to the sum total of the war god. Now every act shall be measured absolutely by how we can contribute the most toward making and keeping conditions right in this country for the welfare of the people and the glory of the nation."

FREE POLITICAL SELF-DETERMINATION

"There is, in fact, just one kind of possible successful political management and that is to make it absolutely certain that the rights of the individual membership within the party to participate in the party's affairs shall remain always equally sacred and sacredly equal."

HAYS IDEAS WILL SHOW IN PLATFORM

The concrete result of this understanding of the rise in political emotion on the part of Will Hays will soon show in the formation of the Republican platform for the presidential election.

Sixty representative men and women have been drafted to meet and draw this up carefully and with expert precision. Every group in the country—business, labor, the farmers and the public—will be represented, and six months will be given over to the evolution of the document.

"Our party feels that labor has not been sufficiently recognized in the councils of the nation. In the crisis through which we have passed, labor was our salvation. The labor of this country is entitled to and will receive fair representation in all the councils of the nation. We will have just remedial legislation for the betterment of this great group of our population at all times, not only because it is their due, but because its justice can always prevent the kind of things in the future of the element of the I. W. W. from taking place."

"The business men of this country were supremely loyal and are entitled to every consideration including the right to run their own business. It is simply a matter of Roosevelt's 'square deal'—exact justice for labor, exact justice for capital, and exact justice for the public, the third side of the triangle."

their automobiles without mufflers. Barton and Cameron both drive Essex and they claim it is pretty hard to keep the cars down to the legal speed limit.

ANNIVERSARY SURPRISE

A number of intimate friends of Mr. and Mrs. W. A. McDonald surprised them Sunday night at their home in honor of Mr. and Mrs. McDonald's twenty-fourth wedding anniversary. The guests, of whom there were five couples brought various good things to eat along with them and the evening was spent in an enjoyable manner.

Now Is a Good Time To Drive Out Catarrh

The Trouble Is in the Blood.

Summer catarrh, with its painful discharge, stuffed up glands, difficult breathing, and summer colds, is bad enough, but the worst of it is yet to come if you neglect to check the growth that is forming to attack you with ten-fold greater power during the winter. That's why it is so important to treat catarrh with S. S. S. during warm weather.

It is now an established fact that catarrh is in the blood and that lotions and salves do not give relief. The experience of others has proven that S. S. S. strikes at the root of the trouble. Waste no time in this matter for it is of the utmost importance. Write to our Medical Advisor about your case. Address: Swift Specific Co., Dept. 3, Atlanta, Ga.
